INITIATION RECOMMENDATIONS FOR THE YOUTH

1. Fellowship/friendship is important for retention, but see Christ as your main reason for going to church.

2. Attend all church services regularly.

3. Select wisely your spiritual mentors and seek to develop your relationship with Christ early in your Christian experience.

4. Fellowship with all, but chose your friends wisely, preferably from a wide cross section of the social spectrum.

5. Do not abandon your non-Christian friends, but be careful of un-Christ like conducts while maintaining your friendship.
