EDUCATION RECOMMENDATIONS FOR THE HOME

1. **Early childhood retention** --- Start the individual process of education for retention early. Spend quality time in early childhood teaching the child to pray and memorize selective Bible passages. Verbalize to the three to ten year olds that Christ wants them to remain in the church when they grow up.

2. **Retention Bible stories** --- Read frequently to your children Bible stories with the intention of retention. For example, stories of young people who grew up in the faith, such as David, Ester, Daniel, Joseph among others.

3. **Personal devotion schedule** **---** Teach the child how to set up a personal devotion schedule as well as other church related schedules before he/she starts secondary/high school.
